EXPERIENCE

MERN stack developer | Paarsiv technologies

May 2024 - Present

- Spearheaded the end-to-end development of a cutting-edge EMS portal, architecting scalable features and modernizing legacy workflows to serve multiple enterprise-grade projects with seamless integration and performance.
- Collaborated closely with colleagues across multiple projects, contributing to the delivery of high-impact, multifunctional systems by integrating advanced modules that boosted efficiency and adaptability in diverse development environments.

Freelancing Project | Zephyrus Technologies

Mar 2023 – Apr 2024

- Developed a full-featured MERN stack website, implementing innovative features that boosted traffic by 30% and enhancing overall site performance and user engagement.
- Managed the entire project lifecycle as a freelancer, creating responsive, reusable components and showcasing strong technical skills and project management abilities.

Part-time | DigiR Technologies

Oct 2023 - Dec 2023

- Designed and developed reusable components using React for front-end development, enhancing user interfaces and improving overall development efficiency.
- Implemented and integrated APIs, writing schemas to ensure seamless data flow and robust functionality .

EDUCATION

Poornima University,jaipur

Bachelor's of Computer Application in Cloud Computing

Aug 2023 - Present

PROJECTS

[Safe Report – Anonymous Reporting app](#)

- Developed a responsive web application using Next.js, integrating Gemini AI to fetch report details and automatically populate dedicated input boxes.
- **Tech Stack:** NextJs , TypeScript,TailwindCss ,Prisma ,Shadcn

[Job 24*7 – Job searching and posting app](#)

- Created a dynamic web application with a responsive user interface using the MERN stack, leveraging React.js for the frontend. Implemented Redux for state management, enabling real-time updates and seamless user interactions.
- **Tech Stack:** ReactJs , NodeJs , ExpressJs, MongoDB, TailwindCss

[Gmail Clone](#)

- Crafted a feature-rich Gmail clone leveraging Firebase BaaS, ensuring real-time updates, seamless authentication, and efficient storage solutions.
- **Tech Stack:** ReactJs , TailwindCss , FireBase

CERTIFICATIONS

- [JavaScript Essentials 1 – JS Institute](#)
- [NodeJs Certification – Master the Fundamentals by Scaler](#)
